

WHEN IS A PERMIT REQUIRED AND WHAT TYPE OF PERMIT IS NEEDED.

*****Complete permit and return to the Code Office for review and approval before beginning any work*****

Repair Permits

Residential and Commercial repair permits include exterior replacement or repairs of roofs, siding, windows, doors, gutters, downspouts, soffit, fascia and porches. Repair and Zoning permits expire in six months

ZONING PERMITS

Residential Zoning Permits are issued for fences, sheds, decks, garages, carports, and new construction.

- ♦ Garages, carports, and sheds must have a 3' set back from all property lines

- ♦ Fencing cannot exceed 6' in height and can be placed on the property line if the property line has been surveyed.
- ♦ New decks and porches will have size and setback limits. Call for information
- ♦ Signage (Commercial properties)
